DESCRIPTION

Media

... presentation of the publication was made as part of the activities of the 15 years of the Leon Center.

In a meeting held in the Leon Center (/cl/./CL/), the Dominican visual artist Monica Ferreras (<https://www.monicaferrerasdelamaza.com/>) presented his most recent publication *You never know*, in which he tackles the last 8 years of his career.

The words of welcome of this putting in circulation were in charge of the doctor María Amalia León Jorge (<http://www.fundacionelj.org.do/maria-leon-dejorge.php>), director of the Eduardo León Jimenes Foundation (<http://www.fundacionelj.org.do/maria-leon-dejorge.php>) and Leon Center (/cl/./CL/), who highlighted the constant and transcendent artistic work of Mónica Ferreras, while sharing with the audience the introductory text of the book.

The publication was presented by Sara Hermann, Visual Arts Advisor of the Leon Center (/cl/./CL/) next to the Dominican visual artist in this cultural center.

"This book is, literally, a sequence of events, each one more exciting than the previous one, it is in all its materiality an artist's book", Hermann emphasized about the book that includes the work of Ferreras, with a structure that defies the ways of presenting the information in a book.

Ferreras said that "the book is a dream come true, not for the mere fact of making a book, I feel it was time to connect several things that have happened in my life for good."

You never know is a compendium of 197 pages that includes the last eight years of artistic work by Monica Ferreras, including the individual exhibition *Connecting a chin and a chon*, made in the Cultural Center of Spain in Santo Domingo (<https://ccesd.org/>), 2018. It also includes texts from María Amalia León de Jorge (<http://www.fundacionelj.org.do/maria-leon-dejorge.php>), Alanna Lockward (<http://alannalockward.com/>), Brian Farrell, Rosina Cazali and Sara Hermann.

The publication is available for sale in the Shop of the Leon Center (/cl/./CL/).
